

Thermostant

Product Characteristics

Model:	LWSTC-001
Working Voltage:	AC 220V±10%, 50/60Hz
Max Resistive Current:	< 3A
Power Self-consumption:	< 1.5W
Temperature Accuracy:	±1℃
Timing Error:	< 1%
Output Rated Power:	< 200W
Temperature Setup Range:	5℃ - 35℃
Product Size:	86×86×14mm

Thermostant

Product Characteristics

Model:	LWSTC-003
Working Voltage:	AC 220V±10%, 50/60Hz
Max Resistive Current:	< 3A
Power Self-consumption:	< 1.5W
Temperature Accuracy:	±1℃
Timing Error:	< 1%
Output Rated Power:	< 200W
Temperature Setup Range:	5℃ - 35℃
Product Size:	86×86×13mm

Thermostant

Product Characteristics

Model:	LWSTC-002
Working Voltage:	AC 220V±10%, 50/60Hz
Max Resistive Current:	< 3A
Power Self-consumption:	< 1.5W
Temperature Accuracy:	±1℃
Timing Error:	< 1%
Output Rated Power:	< 200W
Temperature Setup Range:	5℃ - 35℃
Product Size:	86×86×14mm

Speed Regulator

Product Characteristics

Model:	LWSC-AC-002
Operating Voltage:	AC230V (50Hz/60Hz)
Adjust Voltage Range:	AC60V~AC220V (±10V)
Power With Loading:	50W~200W
Operating Temperature:	-10℃~+60℃
Material:	PC (Flame retardant)
Loading Type:	AC Capacitor single-phase motor, such as ceiling fans, exhaust fans, etc

Speed Regulator

Product Characteristics

- Model: LWSC-AC-003
 - Operating Voltage: AC230V (50Hz/60Hz)
 - Adjust Voltage Range: AC60V~AC220V (±10V)
 - Power With Loading: 50W~200W
 - Operating Temperature: -10°C~+60°C
 - Material: PC (Flame retardant)
 - Loading Type: AC Capacitor single-phraise motor, such as ceiling fans, exhaust fans, etc

Speed Controller

Product Characteristics

- Model: LWSC-EC-004
 - Power supply Voltage: AC110V-230V
 - Power Frequency: 50/60Hz
 - Effective Tuning Photocurrent: ≤200mA
 - Maximum Load Power: 800W
 - Maximum Load Current: 10A
 - Output loop: 1
 - Remote Control Distance: 10 Meters
 - Installation Dimensions: L86×W86×H53mm
 - Infrared Remote Control: L86×W40×H6mm
 - Packing Size: L95×W95×H70mm
 - Net Weight: 145g
 - Gross Weight: 233g
 - Switch Forms: Manual control + Infrared remote control

Speed Controller EC/DC

Product Characteristics

- Model: LWSC-DC/EC-005
 - Input Voltage: 10V DC
 - Output Voltage: 0~10V
 - Power Supply: DC 10V
 - Color: White
 - Working Temperature: 20°C~40°C
 - Relative Humidity: Non-Condensing 20-90%
 - Dimensions of Switch: 86×86×37cm
 - Mounting Hole: 60mm
 - N.W: 110g

Mechanical Thermostat

Product Characteristics

- Model: LWSTC-2000
 - Temperature Control Range: 10°C~30°C
 - Work Voltage: 220V~/50Hz
 - Max Load: 10A
 - SENSOR Type: Gas filled sylphon
 - Control Panel: With on/off switch, without LED indicator for power
 - Application: Control of central air conditioner or heating appliance for room temperature

Mechanical Thermostat

Product Characteristics

Model:	LWSTC-1000A/LWSTC-1000B
Emperature Controlling Range:	10~30℃
Current Load:	<3A (Resistant load)
Sensing Element:	Box with the gas
Temperature Differential:	≤1℃ (At the 25℃)
Temperature:	-20℃~55℃
Relative Humidity:	RH<92%
External Dimension:	85×130×40mm(W×H×D)
Installation:	Standard 86 installing box
Surface Material:	ABS Engineering plastic,manual switch is off-white,the rest is ivory-white

Speed Regulator

Product Characteristics

Model:	LWSC-DC/EC-001
Materials:	Plastic
Supply Voltage:	48/24/12 VDC
Maximum Ambient Temperature:	50℃
IP Rating:	IP54
Size:	9.2×6.5×8cm
Cable Entries:	4×M16 water joint
